

Bitch

I think I should just call it even
People have fucked my life
And yet I'm picking up the bits
Well
Fuck that shit
I'm coming after all who think they will take without giving me what's owed
"He's only in this for the money"
Well wake up money means fuck all to me
You haven't walked the roads I've been down
Make sure you lock all your doors and windows
Because tonight you have a guest coming without an invite
Your phone line been cut
Your mobile is missing
I watch you sleep peacefully
I step closer
And touch your cheek
You awake in fright and I smile
You try to fight me
I drag you to the bath room
The bath has been filled with bleach
I hold your head under till the bubbles stop
I slice your throat for good measure
I walk away while your house burns to the ground
Bitch you shouldn't have tired me
